**Presenter: Mark Dunham, Principal, Novum Strategies**

Discussion: *Case Study: "Grandparents Raising Grandchildren" Building in Washington, DC*

**Presenter: Sarah Constant, Sr. Vice President, Real Estate Development, Mission  
First Housing Development Corp.**

4. Next Meeting: February 14, 2020: **(Note the new meeting date and location):**  
Rockville Memorial Library (3<sup>rd</sup> floor conference room) 21 Maryland Ave., Rockville, MD

Read-ahead materials: Here are links to documents that Mark Durham thought we might find useful regarding the intentional intergenerational model:

[A fact sheet and a Guardian \(UK\) newspaper article](#) about [Bridge Meadows in Portland, OR](#), where older adults provide support for former foster youth and their adoptive families;

A [Parade magazine article](#) about [Bastion in New Orleans](#), in which Wounded Warrior veterans with life-long rehabilitative needs and their families live alongside retired military and other supportive neighbors; and

[A 2018 Business Monthly article](#) about a planned intergenerational initiative in Howard County, that will serve adults with disabilities, older adults and families. This project is now called [Patuxent Commons](#).
